ECHO-FLEX 4400-D

For general ultrasound and/or exam table

Reduces hyperextension work, occupational injuries and work stoppages by promoting an ergonomic position thanks to multiple adjustments.

Cleaning: The vinyl upholstery is tested for common cleaning products used in hospitals and clinics. It is resistant to Oxivir and Virox; imperative when infection control is a priority.

IBIOM Curve: 7.6 cm / 3" deep.
Allows healthcare professionals to work more closely to the patient while maintaining an ergonomic position during an exam.

Colors:

- Denim Blue
- Raven
- Other on request

Entirely designed and manufactured in Canada, locally manufactures offers you easy access to spare parts and customer service in English and French.

Fully-retractable 61 x 22.9 cm / 24" x 9" side rails use a strong, secure mechanism to keep your patients safe.

Hand controller.

Double foot controller available for hands-free patient adjustment.
